

SEVEN YEARS IN PRISON

Sentence Imposed on Frank Pokaski For Attempted Murder—Transit Sentenced to Three Months

"Frank Pokaski stand up," said His Lordship Chief Justice Bitten, when the Supreme court opened this morning. "Have you anything to say to the sentence of the court should not be passed upon you?"

"I ask your lordship not to be so hard on me," said the prisoner. "I am sorry it all happened. I have always worked hard."

"All right," said the court, "I will give you three months in the penitentiary for the offence of which you are convicted."

The prisoner came to his seat with his face buried in his hands.

"John Tranter stand up," was next the call of the court.

O. M. Biggar, pleaded the plea of not guilty of the prisoner in the case of the trial before him great sympathy with the case. He criticised the evidence not giving the prisoner a release when he wanted it. The respectable feature was that the prisoner had not been in the court for a long time and did not willingly withhold it from his creditors.

The sentence of the court is that you be sent to the barracks at Fort Saskatchewan for a period of three months," said his lordship.

The criminal answer of Ray W. Hawke, responded to by W. A. D. Lee and A. McKie. Mr. McKie applied for remission of the money and the case was accordingly transferred to the court of the district court at Lethbridge.

Manuel is Acquitted.
The case of Manuel was before the court this morning and closed at 12 o'clock with the verdict "guilty" after the jurors had been out 39 minutes.

"Go," Manuel you are dismissed from further attendance in the court, came from the bench.

Mr. Biggar entered a strong appeal for the prisoner in the case of the jury. In effect he contended that Geo. M. Manuel did not receive the money with the idea that he should live to it and that he did not receive goods on terms that he received them.

Mr. Cogswell argued that the contract was signed and had been willfully broken.

His lordship charged the jury to give respect to the signed contract, but said that there was doubt in it.

If you find that the accused and the agent stood in to deceive the head office in the carrying out of the contract, then you must find the verdict accordingly."

Yesterday Afternoon's Evidence.
R. W. Smith, travelling agent, for Wm. Gray & Son, Ltd., took the witness box yesterday afternoon and recalled his dealings with the George M. Manuel Company at the request of the Winnipeg he took stock of Manuel's business on several occasions and tried to get a financial settlement.

"I never at any time received either notes or money for goods bought under the new contract," said Mr. Smith.

"What money of notes I did receive was for goods under the old contract."

William J. Hall, office manager of the firm at Winnipeg, took the witness box and recalled his knowledge of the contract that had been signed by the defendant and his attempts to get him to carry it out.

At a consignment of 84 cutters shipped to the defendant under the new contract the latter had been repossessed after the assignment and that 37 were unsold, for as the defendant was sold and no return was made to the company for them. The value of the cutters was \$1,000.

"I never contemplated dealing with Manuel in any other way than in accordance with the contract," said the witness. "From the time when the contract was made in 1907, up to the time when the assignment was made, the whole effort was made, as far as the contract was concerned, was an effort to get him to live up to the contract."

Mr. Biggar put the witness through a rigid examination and tried to show that the accounting was irregular and that the method of conducting the business was not a business method after the time of the signing of the contract.

"Hand me the books and I'll enlighten you," was the remark of the witness, which the disinterested took as an indication that he knew his books pretty well and was not having nothing to conceal.

There Would Have Been Trouble.
As a matter of fact, said defendant's counsel, "you did not take much trouble to see what was going

PROSPERITY WILL RETURN.

President of Equitable Assurance Society Looks for Gradual Revival.

Chicago, November 5.—Paul Morton, president of the Equitable Assurance Society, secretary of the navy, today confidently predicted increased prosperity for the country as a result of the election, in an interview given out in Chicago.

Morton said that the election indicated clearly that a large majority of the American people stand for the things Roosevelt stands for.

He is to be succeeded by Mr. Taft, who, in his opinion, will make one of the best and most conservative presidents the country has ever had.

With the continuation of good crops and a fair revision of the tariff, we ought to be on the highway to a greater prosperity than ever before, although I am not one of those who believe that it is coming in leaps and bounds. I hope that it will come gradually and so on in fact that we shall have no serious shocks."

DISTRICT NEWS

VEGRIEVILLE.

Bulletin News Service.
Acting on a writ from T. Ryan, C. N. R. operator, at Mundare, Constable Laker, K. W. W. P., arrested two colored individuals by the names of Jack Jackson and William Jones, the former claiming to come from Stony Plain and the latter from Pontara River. Assisted by J. McCook and R. Williamson, the constable awaited the arrival of the night train from the west and arrested the men as soon as they landed. They were taken before Magistrate H. R. M. Power, on a charge of stealing a ride on the C. N. R. They both pleaded guilty and were each sentenced to 30 days with hard labor. Jackson on being asked by the magistrate to plead guilty or to plead guilty, said he would have to plead guilty, so he was found on the train. The prisoners were taken to the Fort by Constables Laker and McKenzie. When they were arrested Jackson had a Smith & Wesson revolver, loaded, and 20 rounds of ammunition, a glass canteen, four pieces of cigarettes, a can and a pair of gloves on his person. Jones had a screwdriver and a turban on.

It seems that at Edmonton's recent election on Monday night W. Lamon, who was at Mundare was entered by means of cutting the glass in the front door. The till was opened but no money taken. On the same night another till at the Mundare hotel was forced open and \$7.00 and some stationery were taken. The till was also forced open and a quantity of cigars and cigarettes taken. The prisoners were ordered and a quantity of food stolen. Mr. McCook, who had been exposed the hotel, saw two men in the building, one holding a gun, and escaped about 3 in the morning. She paid no attention to it as she thought they were hotel men. On the same night the school was entered and a good fire started and a note was left for the teacher thanking her for the services of the store. The prisoners will be held in the Fort and charges of burglary for the getting off easy and that they would be free birds at the end of the 30 days.

Being to the Catholic church on the 10th, Miss Lena Duhon, the Scotch singer, cancelled her engagement in Vegrieville.

A dance was held in the McIntyre hall last night. The Scotch orchestra furnished the music.

A skating party was held on the river last night, about 40 couples attended.

A wrestling match is to be pulled off in the McIntyre hall on the 11th. Vegrieville, Nov. 4.

W. Weatherhead is now building a "rambling back" of his property, the property of William and Jones of Fort Raskin, which will occupy it with a full line of goods.

A few days ago a tough gang landed here and forced the people to give them a return to supply meals free of charge. These scoundrels, grain buyers, report a good steady trade in his line.

COMPLETE CANAL BY 1913.

Excellent Progress Being Made on Great Panama Project.
Washington, Nov. 5.—The Isthmian Canal commission gave out official figures today which apparently demonstrated that the canal will be finished much earlier than January 1915, with Colonel Goethals the engineer in charge. The statement shows that since May 1, 1904, \$3,765,203 cubic yards have been excavated from the canal. Engineers estimate that there remains to be excavated 82,211,407 cubic yards. Although more than half of the work yet remains to be done, future excavation will be increased by month so far, on all probabilities the whole excavation will be completed by 1913.

MOTHER

This happy mother, like thousands of others, believes in nothing so much as Sticher's Seigel's Syrup. The days when household work was a burden and the least exertion painful, when even her own children irritated her, are a long way behind. So are the headaches, the aching joints, the heartburn, the dizziness and the constant feeling of fatigue. They vanished like a bad dream the day she first bought Mother's Seigel's Syrup, and they will stay away as long as Mother's Seigel's Syrup has a place in her cupboard. It is the standard remedy for indigestion and liver disorders, and the regular family medicine in the households of Canadian homes.

Good for mother. Good for father. Good for all the family!

A REVIVAL OF PROSPERITY

There is an impression that real estate is a dead issue. But is it? Six weeks ago the PEMBINA TOWNSITE was offered to the public with little hope of a successful sale. This was not because the proposition was not the best that has been put on the market in the past two years, but because of the supposed scarcity of money.

The sale has exceeded all expectations. Ninety-four people have purchased lots, thus showing that people in Edmonton and surrounding district have money to invest where they can see a good return.

Are you one of these Ninety-four? Seventy-five per cent. of the people who have purchased town lots have seen the townsite.

Over 300 lots have been disposed of to date.

A few lucky buyers have already made a turn-over, taking 60 per cent. profit on the purchase price.

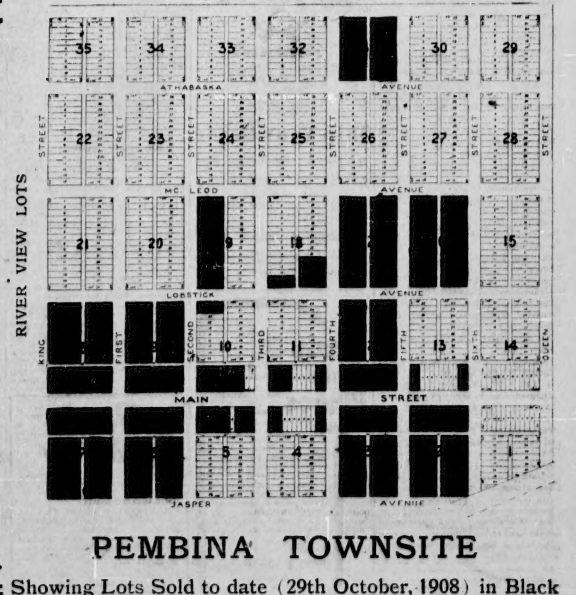

Do you realize that the prices of the unsold portion are very low and apt to advance on short notice? If you do not realize it now you will when it is too late.

THE PRICES RANGE FROM \$50 TO \$150.
